

Angel Up Front

"...Totty fronted rawk"

We play stuff from Pink to Floyd, from the Cult to the Killers, from G'n'R to Green Day... even though we jump around and make a lot of noise, we're pretty much housetrained and can almost dress ourselves. Best enjoyed through a haze of alcohol, this takes the edge off of any unplanned "Jazz Odyssey" moments, and more importantly means that the pubs make enough money to be able to pay us.....

What's all this, then?

We're Angel Up Front, we've either played here recently, or we'll play here soon, or somebody left this lying around here for some reason. Or you've picked this out of a bin during a desperate search for recyclable dog-ends, or maybe a piece of pre-owned Kentucky Fried Chicken. Either way, you now have in your hands our latest flyer, packed with jammy goodness and possibly slightly tarnished with badger's earwax.

Now wash your hands.

Anyroadup, on the opposite page are instructions on how to catch up with the hardest working rock band in the South West. We're too modest to mention that we're also the best looking and the most talented, but we're all of that too and much more besides...

So, what's happening?
