"...Totty fronted rawk"

So, you came in here for a quiet drink, and there's some dodgy-looking bunch of misfits setting up a PA system. Stay put, and get another drink in. We play stuff from Pink to Floyd, from the Cult to the Killers, from G'n'R to Green Day, from when we start 'til closing time, and sometimes beyond...

## Welcome to April 08's Angel Up Front flyer

This month, we're at war with a money-grabbing bunch of corporate scumbags who tried to impose naughty parking fines on us whilst we were playing a gig in Bristol. I mean, here we are, a bunch of what could loosely be described as musicians, trying to earn a few honest quid\* by making a godawful racket for the benefit of the drinking masses, and these bastards want to screw money out of us for the privilege. In the true spirit of rawk'n'roll, we've decided to treat them as though they're contortionist pelicans.\*\* We have a few ideas on what else to do to them, and if anything interesting comes of it, we'll let y'all know.

Next stop, Rolls Royces in swimming pools! Yeee haw!

\*Inland Revenue notwithstanding

\*\*They can stuff their bills up their arse
