

Angel Up Front

"...Totty fronted rawk"

So, you came in here for a quiet drink, and there's some dodgy-looking bunch of misfits setting up a PA system. Stay put, and get another drink in. We play stuff from Pink to Floyd, from the Cult to the Killers, from G'n'R to Green Day, from when we start 'til closing time, and sometimes beyond...

And now – the Final Frontier...

*See? The Final Frontier...? Space...?
Oh, please yourselves....*

Good evening, crew.

This is James Tiberius Kirk, special guest presenter for this month's Angel Up Front flyer. After a hard day wrestling rubbery bug-eyed monsters around polystyrene caves and snogging green-painted women, I like to unwind with some hot rawk'n'roll action from my all-time favourite Bristol-based Scotswoman-fronted four piece covers combo. This month, they'll be boldly going where no band has gone before – well, since last time, anyway. So, check out the list below, beam yourselves down and support your local

Federation. But remember, kids, be careful down there – particularly if you're wearing a red shirt...
