

# Angel Up Front

**"...Totty fronted rawk"**

So, you came in here for a quiet drink, and there's some dodgy-looking bunch of misfits setting up a PA system. Stay put, and get another beer in. We play stuff from Pink to Floyd, from the Cult to the Killers, from G'n'R to Green Day, from when we start 'til closing time, and sometimes beyond...

## Competition Corner

The more observant (or less intoxicated) of you will have noticed that - although it was several months ago that Martin left and Ben joined us - we still haven't gotten around to updating the band photo on the front of the flyers, and instead have opted for a godawful photoshop job. The question is...

What number is Gene Simmons thinking of?

Answer: sixty nine, dude!

Welcome to Angel Up Front's Spring Collection of gigs, casual, relaxed, yet effortlessly stylish, and lovingly hand-crafted just for you by underpaid child labour in a dingy third-world sweatshop. Well, actually, only one of the gigs listed is by underpaid child labour - the lovely Lily B makes it onto the list here because Alan has to roadie for her. Charmingly, she refuses to admit he is her real father, and claims instead to have been raised by wolves; although she will grudgingly accept Suzi as her Rock'n'roll Fairy Godmother.

Other highlights this month include a Saturday off for Queen Amy's birthday, a trip to the seaside at Brean, and - if you're really lucky - maybe even a rehearsal...
