Welcome to the continuing saga of a rootless band of troubadours, rambling the alehouses of Wessex

This month, the fair Princess Louisa, the gallant, brave and handsome Sir Alan, the giant Viking warrior Ben and the sage percussion goblin Stuart travel far and wide to bring joy to the untold masses, to search for hidden treasures, beset by demons, orcs, trolls, and the local constabulary. Catch up with their adventures every week by double-tapping on this link: www.angelupfront.co.uk/blog
