

## Angel Up Front

### Can you write us a review?

If you liked our performance could you write a review about us? You don't have to write a lot, a couple of sentences will be fine.

We will put any reviews you write on our website and attribute them to you. We might also use them to help us get work through booking agents and with other people who want to book us.

In return, we will like your Facebook page, extol the virtues of your venue on our blog or other things we can do to help you promote your venue. We will have already advertised our gig at your venue with various listing sites and on our own web sites.

**Please write your review here and let us have it back:**
